

Easton Country Club

A romantic venue nestled in a charming region of Southern Massachusetts.

Our green oasis and intimate setting is everything you would expect from a traditional country club. Experience the seasons of New England as our lush green fairways create a picturesque backdrop for the Ballroom. The sea of trees and a feeling of leafy quiet which you'll encounter once you arrive are the perfect setting for your special milestone - Your Wedding.

Our sophisticated and elegant ballroom opens onto our colorful Patio and Gazebo adorned with bountiful flowers. Flattering indirect lighting, along with natural light from the outdoors, keep the Ballroom wonderfully lit. Its calm and warm decor lends itself to the most elegant of designs. Beyond our Patio, you will enjoy the vista of the rolling greens and fairways, a pond populated with graceful swans and geese, all while you take in the magnificent New England Sunset - a perfect photographic memory!

Because no occasion would be complete without a mouth-watering menu, brides and planners alike will be pleased to know that our executive chef and support staff - from *Russell Morin Fine Catering* - have created versatile menus - from contemporary to classic American cuisine - that will complement your festivities.

We have earned a reputation for hospitality, accommodation and impeccable service. Our wedding specialist will assist you from start to finish, understanding how important your special day is. We are committed to ensuring your wedding runs perfectly.

We are dedicated to making your wedding - A Memorable Event
